How to Use This Book · دليل كيفية استخدام هذا الكتاب

This eBook utilizes a specialized, research-backed **visual mapping methodology** designed to build strong **contextual memory paths** between English and Arabic. Instead of treating vocabulary as isolated words, you will study how phrases function within **complete narrative contexts**.

يعتمد هذا الكتاب الإلكتروني على منهجية خرائط بصرية متخصصة ومدعومة بالأبحاث، صُممت لبناء مسارات ذاكرة سياقية قوية بين اللغتين الإنجليزية والعربية. بدلاً من التعامل مع المفردات ككلمات معزولة، ستدرس كيفية عمل العبارات داخل سياقات قصصية كاملة.

نظام الترميز اللوني البصري • The Visual Color Code

BLUE #1E88E5	Highly precise modifiers, adverbs, or advanced actions.	المعدّلات الدقيقة، الظروف، والأفعال المتقدمة
GREEN #43A047	Key personality traits and positive growth states.	سمات الشخصية الرئيسية وحالات النمو الإيجابية
RED #E53935;	Intense emotional states, abstract nouns, situational challenges.	الحالات العاطفية المكثفة، الأسماء المجردة، والتحديات الموقفية

استراتيجية الدراسة • Study Strategy

1. **Read for Context** — Read the entire English sentence first to grasp the overall meaning.
اقرأ الجملة الإنجليزية كاملة أولاً لاستيعاب المعنى العام.
2. **Analyze the Mapping** — Look at the colored target words and observe how they directly translate into the Arabic structure below.
انظر إلى الكلمات الملونة ولاحظ كيف تنعكس مباشرة في التركيب العربي.
3. **Visualize the Scene** — Use the AI Illustration prompts to build a vivid mental image of the concept, which locks the vocabulary into your long-term memory.
استخدم أوصاف الرسوم التوضيحية لبناء صورة ذهنية واضحة تثبت المفردات في الذاكرة بعيدة المدى.
